Electronic ProAlert

Soft-Goods Security Solutions for Accessible, Open Displays

The Electronic ProAlert (EPA) is a smart, easy-to-use loss prevention solution for soft-goods. The versatile ProClip eliminates the need to run cables or wires through garment sleeves, allowing for customer-friendly try-ons without the need for sales associate assistance.

Features

- Compact design
- Standard protection for 20 garments; expandable up to 40 garments
- LED status indicators
- 8-position changeable Promatic lock
- Keypad operation with key override
- Auto re-arm after 15 seconds
- Available in chrome, brushed chrome, black or gray

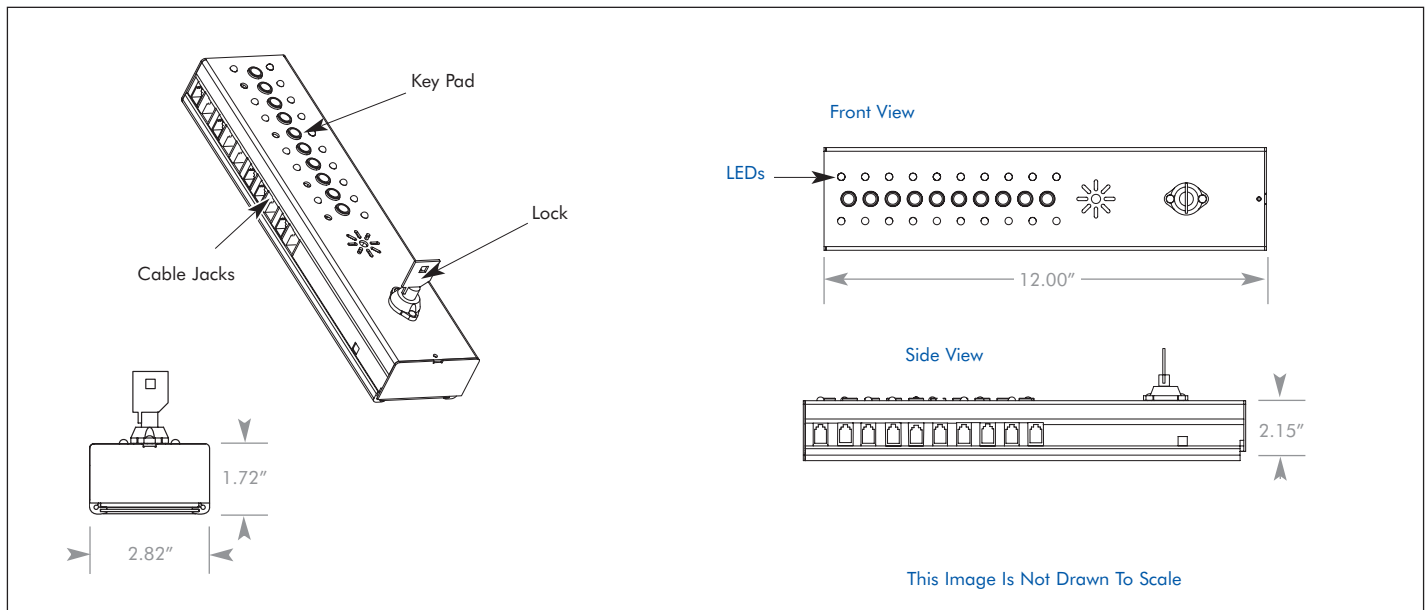

ProAlert's design provides a visually pleasing display while reducing shrinkage, resulting in increased sales and minimal returns. The ProAlert complements EAS systems by providing an added level of protection to high-shrink soft-goods merchandise.

Advantages

- Multi-level security
- Flexible merchandising
- Customer and sales associate friendly
- Increased sales associate productivity

Electronic ProAlert SPECIFICATIONS

DIMENSIONS:

Width 2.82" (7.16cm)
 Length 12.00" (30.48cm)
 Height w/o Lock 1.72" (4.37cm)
 Height w/ Lock 2.15" (5.46cm)

MATERIAL:

Plated Steel Chrome
 Plated Steel Brushed Chrome
 Vinyl-Coated Steel Black
 Vinyl-Coated Steel Gray

COLOR:

ELECTRICAL:

Battery Type AA
 Quantity 4
 Voltage 6

ALARM SOUND LEVEL:

dB level at 3 feet 95-98

The equipment that you purchased has required the extraction and use of natural resources for its production. It may contain hazardous substances that could impact health and the environment. In order to avoid the dissemination of those substances in our environment and to diminish the pressure on the natural resources, we encourage you to use the appropriate take-back systems. Those systems will reuse or recycle most of the materials of your end life equipment in a sound way. The crossed-out wheeled bin symbol invites you to use those systems. If you need more information on the collection, reuse and recycling systems, please contact your local or regional waste administration. For more information on the WEEE Directive you can visit our web site at www.protex-intl.com.
