

# How Much Booze Do You Lose?

## BottleLox

Unchain your bottles and set your spirits free with BottleLox

This "one-size-fits-most" device offers you the speediest anti-theft remedy for your liquor losses. BottleLox provides an easy-to-use solution in a one-handed operation that safely secures your bottles in a single motion.

Virtually impossible to defeat, BottleLox also activates industry-standard EAS-alarm systems if it is not removed during the check-out process. Reduce shrink and enjoy impressive ROI!

Its clear, unobtrusive design does not take away from your products' appearance and gives your store a cohesive look while maximizing shelf space. BottleLox comes off just as easily as it goes on; one swift tap on the magnetic detacher opens up the clasp. When counters are unattended, a lock is placed over the magnet to prevent unwanted theft.

Your alcohol isn't bad; don't lock it up like Prohibition.
